

KFOS Health and Safety Policy

Policy Statement

Bright Futures Learning Trust acknowledges its duty to provide and maintain a safe place of work and high safety standards across all of our premises. It is our policy to ensure, so far as is reasonably practicable, that our school operations and any services that we provide are conducted in such a manner to prevent harm or injury.

It is our intention to:

- Establish continual high standards of health and safety within our schools, offices or any other properties that we may own, lease or manage.
- Ensure that relevant information on health and safety is shared with our pupils, staff, visitors and contractors
- Identify any significant risks and put in place systems to remove or reduce those risks where possible
- Ensure that all members of the school community are given the necessary information, training and supervision to carry out activities safely
- Organise and plan for effective health and safety
- Ensure systems are in place to allow those who access our facilities to provide feedback and raise any health and safety issues they may encounter

Copies of this policy statement will be available on relevant staff noticeboards from date of approval and the full policy available on the Staffshare database.

WWF

Roles and responsibilities

Overall responsibility for this policy rests with The Board of Trustees. Operationally, that responsibility is delivered via the Chief Executive Officer who will ensure that suitable arrangements and appropriate investment is put in place to manage and maintain the Trusts health and safety standards and may delegate this responsibility to appropriately competent staff.

Head Teachers	Overall control at the school level
Trust Facilities Manager	Monitoring and ensuring compliance
	Building management
	Responsibility for health and safety issues
Heads of Year	Overview of department process and
	procedures
Site caretaker / Premises officer	General responsibility for day to day
	building/grounds and health & safety issues

All Bright Futures Learning Trust colleagues and those attending our sites are reminded that they also bear responsibility for their own health and safety as well as those who might be affected by their activities as prescribed within the Health and safety at Work Act 1974.

Together we help make a contribution to the Trusts safety culture and the achievement of its aims and objectives

Scope of this document

This policy seeks to promote a positive health and safety culture and safeguard the welfare of anyone who may be affected by the activities of Bright Futures Learning Trust including:

- pupils
- colleagues
- school service providers
- Contractors
- Visitors

Arrangements for Health and Safety

Statement	Related Policies/RA's	Arrangements
Statement Accident / First Aid Procedures	Related Policies/RA's First Aid Policy Administering Medications policy Administering Medications RA	Arrangements Any first aid incidents are dealt with by qualified school first aiders. Each school has either general of pediatric qualified first aiders available at all times and a list of qualified staff is held and on display at each school. The emergency services are to be called where the extent of the injury is beyond the scope or knowledge of a designated first aider. The first aider present at the scene should take overall responsibility for managing the injury/incident but can designate roles to additional staff as required. First aid boxes are situated around the schools in locations. All first aid boxes are clearly marked and are easily accessible by staff during all working hours. Designated first aiders are
Asbestos	Asbestos Policy	responsible for making sue all first aid boxes are kept appropriately stocked. Where asbestos is present
ASDESIUS	Asbestos Folicy	 where asbestos is present anywhere on a school site, an asbestos survey/ register is available for reference. Known Asbestos is checked quarterly by the Facilities/premises team.
		The Trust buys in asbestos advice and support from specialist providers who carry out an annual check and report as required.
Cleaning & Control of Hazardous Substances	Cleaning Activities RA	Our cleaning contractors – SCB Cleaning services
(COSHH)	Storing of Chemicals RA	(Goldsworth/St Johns) and

		 Woodings (Knaphill Junior & Lower) Are responsible for carrying out their own COSHH assessments and for ensuring the correct data sheets are present and readily available at all of their contracted locations. Compliance with the above is monitored by the Facilities Manager Trust schools will conduct a COSHH assessments, as appropriate, for hazardous substances used or encountered by other staff in the work environment.
Contractors	Contractor Code of Conduct	Contractors will be vetted and will be required to complete Access Control/Permit to Work/Hot Work documents as necessary. Regular contractors have provided their DBS details and these are held on the central file. For larger scale works, The contractor should provide the local school with a risk assessment identifying the potential risks to students, staff and visitors. In cases of larger works, the facilities manager will arrange work to take place outside school hours (wherever possible) in order to minimize disruption and potential risks to students, staff and visitors.
Display Screen Equipment		Compliance with Display Screen Equipment legislation, will be a joint approach between the Trust and our new IT Contractors (eduthing) All employees who use Display Screen Equipment as a significant part of their job will be expected to carry out an annual self-assessment of their workstation.

Electrical safety	Electrical Safety Policy	 This information will then be used to ensure the risks to users of Display Screen Equipment are reduced to the lowest extent reasonably practicable by the provision of appropriate equipment and training. Display Screen Equipment users will be encouraged to take periodic breaks from their workstation. BFLT schools adopt a routine
		cycle of maintenance and testing. The fixed wiring and, electrical installations located within our schools, are tested on a 5 yearly basis.
		The Trust also maintains two swimming pools. The fixed wiring in these locations are tested annually.
		Portable equipment (PAT testing) is carried out on an annual basis. Users of portable equipment should undertake a visual check before each use. This includes Laptop trolleys and in particular, an inspection of their mains power cables for damage. Portable equipment brought into school by members of staff should not be used until it has been PAT tested, unless it is brand new and marked with the appropriate CE mark.
		Users of portable electrical equipment are responsible for the safe management of any trailing cables. All electrical equipment must be used only for its intended purpose.
Fire Safety & Evacuation		All members of staff must ensure they have read and understand the school's Fire Evacuation Procedure (This can be found in Staff handbook)
		Fire Risk Assessments are reviewed annually for each site. If

Eco-Schools 2023 - 2024

	these are completed in house hu
	these are completed in house by the facilities manager, the Trust
	will ensure that an independent
	external auditor is brought in to
	carry out the assessment on a
	biannual basis in order to maintain
	transparency.
	Each school is responsible for
	housekeeping in their teaching
	and working areas. As far as
	possible storage of redundant
	combustible materials, such as
	used paper, old work books and
	disused furniture, should be kept to a minimum.
Fire equipment/Detection	Firefighting equipment is
	located at strategic points
	throughout our schools and is
	regularly inspected by
	approved external contractors
	to recommended intervals.
	In addition, all schools are
	fitted with full fire alarm
	systems which include break
	glasses, smoke detectors, heat
	detectors, automatic fire doors
	and shutters.
	The maintenance of this
	equipment is overseen by the
	facilities manager with
	additional duties delegated to
	on site premises staff where appropriate.
Fire Doors	Fire doors designed to slow
	spread of fire and smoke
	throughout the school have
	been installed at strategic
	points and will be regularly
	inspected and maintained by
	Trust Schools.
	Some of these doors are held
	on a magnetic system and are
	designed to close
	automatically in the event of a
	fire alarm.
	Doors must not be blocked,
	jammed or tied open. If a door

		needs to be held open (e.g. for ventilation or practical reasons) they should never be
Gas Services	Boiler & Plant Rooms RA	left unattended. All schools boilers, heating and gas related cooking appliances, are inspected annually for safety by fully qualified external contractors.
Grounds maintenance	Trees & Plants RA Petrol Leaf Blowers RA	The majority of the grounds maintenance at our schools is carried out by external contractors.
	Caretaking Duties RA Use of Hand Tool RA	Glendale and 3J's are the two contractors currently responsible for carrying out these services across the Trust
		In addition, local premises staff will maintain hedges, borders, planters, leaf blowing and other minor trimming as required.
		Pesticides should only be used if absolutely necessary and only when no pupils are present.
Infection Control / Covid	H&S Covid Policy Cleaning Activities RA	Trust Schools will actively prevent the spread of infection as necessary through the following measures:-
		 Ensuring pupils utilise good hand washing practices Maintaining a clean and well sanitised environment Providing use of hand gels where necessary and posters containing advice Providing PPE where necessary. Immediately cleaning any spillages of bodily fluids and use of absorbent powders
		where applicable.Use of sharps bins where necessary.

Working at height	Working at Height RA	Low step ladders (no more
	Changing lighthulks Q Tukes	than three steps) and kick
	Changing lightbulbs & Tubes RA	stools can be used by staff once they have read and
		understood the Risk
		Assessment 'Working at
		Heights'.
		Larger ladders and other
		access equipment (such as
		mobile platforms), must only
		be used be members of staff
		who have undertaken
		appropriate external training.
Risk assessments		A collection of core Risk
		Assessments has been carried
		out by the facilities manager
		and these are available on staffshare. These can be used
		to assist with your own, where
		applicable.
		Health and safety in a school is
		about taking a sensible and
		proportionate approach.
		Significant, foreseeable risks
		must be formally assessed and
		recorded and staff are
		responsible for carrying out
		RA's as required.
Security	Site security & safety RA	All staff and external club
	Additional use of School	providers are issued with access control cards or codes
	premises RA	as required.
		This information is held on a
		central database and can only
		be accessed by those with
		responsibility for managing the
		system.
		Any unauthorised, persons on
		site without a valid reason, or
		anyone who demonstrates
		aggressive or violet behaviour,
		will be asked to leave under
		the requirements Section 547
		of the Education Act 1996
		All staff are reminded that
		they have a responsibility to

		ensure that they close
		magnetic doors behind them
		along with shutting windows,
		physically locking doors and
		setting intruder alarms where
A		appropriate.
Manual Handling	Manual Handling Operations	Manual handling operations
	RA	should be avoided as far as is
		reasonably practicable where
		there is a risk of injury.
		If heavy items need moving,
		please contact the site team
		who will assess and carry out
		the task using additional
		equipment where required.
		Lifting and moving of objects
		should always be done by
		mechanical devices rather
		than manual handling
		wherever reasonably
		practicable. The equipment
		used should be appropriate for
		the task.
		When lifting an object off the
		ground staff should assume a
		squatting position, keeping the
		back straight. The load should
		be lifted by straightening the
		knees, not the back. These
		steps should be reversed for
		lowering an object to the
		ground.
Classroom and Office safety	Daily Classroom Checks and	Offices should be kept clean

		from tripping and electrical
	School Office and admin Areas	hazards.
	RA	
		Staff concerned about the
		working environment
		(temperature, lighting etc.),
		facilities (toilets, eating,
		washing, changing etc.)
		cleaning or general safety
		should advise their line
		manager of their concerns.
		Condition of rooms checked.

		Prompt maintenance of
		defects included carpet to be
		glued if raised
		Good House keeping
		Designated storage
		Doors unobstructed
		Trailing cables removed,
		routes altered or cable covers
		used
Snow & Ice Clearance	Snow and Ice RA	As per BFLT Risk Assessment -
		Reasonable effort will be made
		to ensure that paths have clear
		access and remain in a safe
		condition throughout the day.
Smoking	Smoking Policy	Smoking is prohibited in all
Smoking	SHIOKING FOILCY	areas of the schools
Vehicles on site	Vehicle Movements and Car	The Trust maintains five mile
venicles on site	Parks RA	
	PAIKS KA	per hour's speed limits on all
		of our sites.
		A
		Access to sites is via vehicle
		barrier and sites cannot be
		accessed without permission
		inside of core school hours.
		In the interacte of exfects, some
		In the interests of safety, some
		of our schools enforce a 'no
		vehicle entry or exit policy'
		between certain hours of the
		day.
Violence and aggression		Bright Futures Learning Trust
		will not tolerate any
		threatening physical or verbal
		behaviour on any of its sites or
		directed toward any member
		of the wider school
		community.
		This applies to staff, pupils,
		parents/guardians, contractors
		or other members of the
		public.
		Any incident of a threatening
		nature, should be reported to
		a member of SLT staff
		immediately.

	An appropriate entry must be
	made on CPOMS for an
	incident involving pupils (or
	their parents/guardians) as
	soon as possible.

Policy Monitoring

This policy will be reviewed on an annual basis and regularly monitored through:

- health and safety audits and compliance inspections
- Periodic reviews of all accidents, incidents or near misses
- Regular reviews of health and safety training records
- Reactive monitoring of any accidents, illness or damage to property to determine where health and safety procedures may not be sufficiently robust
- Where necessary, the Trust will seek the advice of health & safety specialists in order to establish best practice and suitable precautions to deal with potential risks within the school
