

CASE STUDY

NEW FOOTBALL GOALS

School PTA works in partnership with local Football Club to improve football facilities at Knaphill Lower School

FEBRUARY 2026

OVERVIEW

The Woking Wolves Disability Football Club and the Knaphill Schools PTA have received support from Councillor Saj Hussain through the Your Councillor Community Fund to purchase new FA-approved Heavy Duty Wheeled football goals for the Lower School Field.

The project is a joint initiative between the Knaphill Schools PTA and Woking Wolves, who use the Knaphill School field as their year-round training ground. Until now, the existing goals have not been of FA approved standards and better equipment was needed to help the club expand its offer and compete at higher levels.

IMPROVING ACCESS FOR ALL

For Woking Wolves, a volunteer-run club dedicated to making football accessible to players of all ages and abilities with disabilities, the new goals represent far more than upgraded equipment. They provide an opportunity to expand their provision.

With around 50 registered players across under-12, under-16 and adult teams, the club trains every Saturday morning throughout the year and regularly competes in Surrey FA Pan-Disability tournaments. Its mission is simple but powerful: to provide a safe, inclusive and enjoyable football experience where every player can develop skills, build confidence and feel part of a supportive community.

The new FA-approved goals will allow the club to meet competition standards, helping to secure its future growth while ensuring players can train and compete with confidence. Just as importantly, the equipment will also be used during all football PE sessions at the Knaphill Federation of Schools, as well as by local sports groups running after-school community football clubs on the Knaphill School site.

THE BENEFITS

This shared investment strengthens the bond between our school and the local community, ensuring that children, young people and adults alike have access to high-quality football facilities.

By improving provision both during and beyond the school day, we are helping to promote physical activity, teamwork and inclusion across generations - and who knows we may have a future England Captain waiting in the wings!

Thanks to the Your Councillor Community Fund and the collaboration between dedicated volunteers, the school PTA and local representatives, football in Knaphill is set to become more inclusive and more accessible than ever.

We look forward to the children of the Knaphill Federation of Schools getting great use from the goals and seeing Woking Wolves continue to expand their offer.

OUR NEW GOALS IN ACTION

Some words from those involved in the project...

"This partnership shows what can happen when a school and its wider community work hand in hand. As a PTA we are thrilled to widen the access to great football opportunities via our school."

Vikki Zeila, Knaphill Schools PTA

"These new goals are a huge step forward for our club. They give our players the chance to train and compete with confidence, while reinforcing our commitment to making football inclusive and accessible for all."

Matt Cronin - Woking Wolves Disability Football Club

"I'm delighted to have supported this fantastic partnership between Woking Wolves and the Knaphill Schools PTA. This project is a brilliant example of how community funding can make a real difference — creating inclusive opportunities, promoting physical activity and ensuring that people of all ages and abilities can enjoy physical activity in a safe and supportive environment. It's wonderful to see local organisations working together to strengthen opportunities for everyone in Knaphill."
