

Knaphill Schools'

Monthly Update - 25.09.26

To empower all children to have a bright future.

This Month's Focus Value - Kindness

A note from Mrs Harrison:

As we move further into the autumn term, it has been wonderful to see our school value of Kindness shining through in so many ways across both schools.

I would like to thank all the parents and carers who attended our Curriculum Evenings recently. Your attendance at these events, demonstrated the commitment of our families to supporting their children's learning and development. It was incredibly encouraging to see so many parents keen to engage with school life, ask questions and work alongside staff to ensure every child thrives.

These evenings reminded us of what Knaphill is all about: strong relationships and partnerships rooted in mutual respect, trust and kindness. When home and school work together with the child firmly at the heart of every decision, we create the very best opportunities for success. The sense of community across our schools continues to grow and I am incredibly grateful for the support shown by our families. This was also demonstrated by everyone who attended our Junior School Macmillan Coffee Morning. It was wonderful to see our school community come together to support such an important cause.

I am also looking forward to seeing many of you this Friday at our very first September Sundown Event. This free school event promises to be a wonderful evening of fun, an opportunity to meet new faces, strengthen existing friendships and enjoy the company of this very special community. If you have not already done so, please remember to register your interest.

A huge thank you must go to our fantastic PTA, whose hard work, enthusiasm and dedication have made this event possible. Their commitment to bringing our community together is greatly appreciated.

I hope to see many of you on Friday evening.

Value of the Month: Kindness

Kindness means trying to do the right thing every day. It means thinking about how our words & actions make other people feel. If someone forgets to be kind, we can forgive them & help them to remember to be kinder next time.

What does it look like: Trying our best to be a good friend. Thinking of other people's feelings. Understanding that everyone makes mistakes, saying sorry & trying again.

PERSONAL DEVELOPMENT AT THE
KNAPHILL SCHOOLS

Forest School Fun in Little Leopards Nursery

Our nursery children had a wonderful time at their first Forest School session. In the sunshine, they explored the outdoors together, discovering nature, searching for interesting treasures, and enjoying plenty of fresh air and fun.

The children loved learning through play, building confidence and curiosity as they explored their surroundings with their friends. It was a fantastic first adventure full of smiles, laughter, and outdoor learning!

Reception Settling In

NICE
TO
MEET YOU

Our Reception children have been settling beautifully into their new learning environment. They are becoming familiar with new routines, making friends, exploring their classrooms and discovering all the exciting learning opportunities around them. It has been wonderful to see their confidence grow as they begin their school journey, we are so proud of them!

Welcome
TO
SCHOOL

Learning, Creating and Building in Infant School!

It has been a fun-filled time of learning in the Infant School! Our children have been singing, playing and exploring in Music, developing their digital skills in Computing, and getting creative in DT. Rhino Class showed fantastic teamwork as they worked together to design and build their very own sugarcube bridge. There were lots of ideas, problem-solving, building, testing and, of course, a few moments of "Will it stay up?"! What a brilliant team they were!

BACK TO SCHOOL

Year 2 - Florence Nightingale Workshop

Year 2 enjoyed an exciting Florence Nightingale workshop, where they learned about the life and achievements of the famous nurse. The children travelled back in time to discover what hospitals were like during the Crimean War and how Florence helped improve healthcare. Through hands-on activities, role play, and dressing up, the children brought history to life and developed a deeper understanding of why Florence Nightingale is remembered as the "Lady with the Lamp." It was a fun and engaging day that inspired lots of curiosity and learning.

We were very lucky to welcome the fabulous Charlotte, who talked to the children about being a nurse today. The children enjoyed comparing nursing today with the work of Florence Nightingale and found out how much things have changed, from new medicines and technology to the ways nurses care for their patients. It was a fun and fascinating talk!

Boeing Inspires the Next Generation of Engineers!

We were delighted to welcome three Boeing engineers to Knaphill Junior School, Leo, Zak and Mark who began the day with an inspiring assembly for our children. They explained what it means to be an engineer, shared fascinating insights into Boeing and got our children involved from the very start. There were gasps of surprise, ripples of excitement and plenty of enthusiastic participation as the children watched incredible videos, discovered more about the world of engineering and joined in. But the Boeing team had an even bigger mission...

We are incredibly excited to announce that Knaphill Junior School has partnered with the Boeing STEM team to enter the 'If you were an Engineer, what would you do?' competition, run through Primary Engineer. We would really like every child at Knaphill Junior School to have the opportunity to enter the competition. The ideas generated during the workshops run on the day have now been collected and will be reviewed by Boeing's STEM team, who will help the children think about how to refine and develop their thinking.

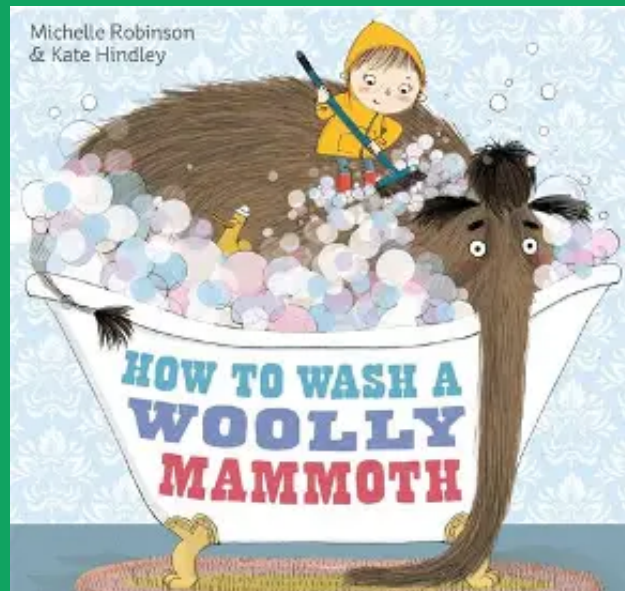

Every child whose work we enter into the competition will receive a certificate recognising their achievement. But for the national winners, the prize is something truly special: the opportunity to see their ideas brought to life as a prototype!

We are delighted that the Boeing STEM team will be returning to Knaphill in January for a very special exhibition showcasing the children's ideas.

We will be sharing more details with families as the children develop their ideas and prepare their competition entries.

Watch this space — we can't wait to share their amazing ideas with you!

Year 3

Year 3 have been thoroughly enjoying their first English unit on instruction writing, inspired by the delightful book *How to Wash a Woolly Mammoth*. We began the unit with an exciting immersive experience when the children discovered an unexpected scene on the playground. Working together as investigators, they examined the evidence and quickly concluded that something extremely large and definitely non-human had recently been washed there! Some highly observant children even spotted the security camera overlooking the area and eagerly asked the office team to check the CCTV footage for further clues. Building on this memorable hook, Year 3 have now moved on to developing their writing skills by learning how to use adverbs, prepositions and time conjunctions effectively. They are applying these techniques to write imaginative narratives about what it would be like to discover a huge, muddy woolly mammoth on their doorstep in desperate need of a bath! The children have shown great enthusiasm, creativity and curiosity throughout the unit, producing some fantastic ideas and descriptions.

Year 4 have been learning about the impact of deforestation and have written vivid descriptions of the rainforest both before and after it was affected by human activity

At dawn's first light, the rainforest awakened with harmony. Sweet tunes enveloped the rainforest, sounding like a tropical melody. Like a symphony of colours, the rainforest's vivid, towering trees greeted me. As time progressed, the salty air hit me like a bullet. With the scent of the earth and wildlife surrounding me, I embraced the greenery. With a sense of wonder I gazed at the elegant parrot and put my hand out to stroke it.

By Seif (Birch Class)

Beneath the vibrant blossoms, I found my face in a bundle of fluffy warm parrot feathers. Under the dense canopy, I felt the raindrops entertain me as I watched them land on trees pouring heavily. Sweet tunes enveloped the rainforest, sounding like a mother singing whilst picking apples in the garden. As I paced around the rainforest, the humid, salty air hit me immediately tasting like burnt popcorn. The air was filled with the scent of tropical, fresh fruits making me feel warm and loved but with a tingle of danger.

By Arielle (Birch Class)

The magnificent forest bloomed with life and exotic colours until...we came! The forest was scorched in agony, as the fire spread quietly, slowly but painfully. Meanwhile, the animals stamped away to safety out of the barren land.

Amid the desperate attempts to save the forest, it still was trapped in an inferno. Like a nightmare that came to life, everything was burning rapidly. With aching sadness, the forest said its final goodbyes.

By Leonardo (Sycamore Class)

As the echoes of chainsaws resounded, I saw the desolation of the rainforest's majestic trees being destroyed by the mindless humans. As the inferno blazed, the once exotic, flourishing rainforest was charred to ashes. As the trees were ravaged, I could only watch the mass demolition of the rainforest. The wildlife disappeared and the lush, vibrant paradise was reduced to nothing.

By Kit (Sycamore Class)

Year 4 Science

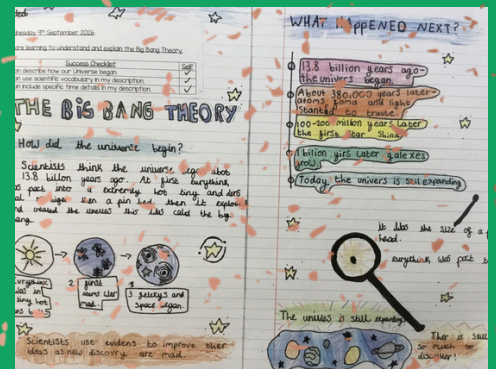

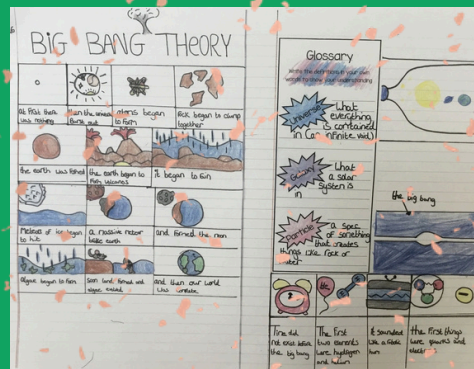

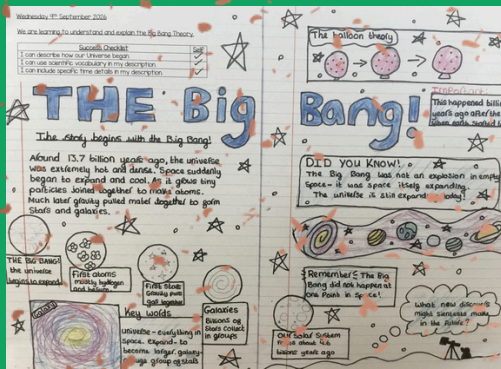

In our science investigation, we explored the question: 'Do all solids melt at the same temperature?' We tested different solid materials (such as ice, butter, chocolate and wax) and carefully measured the temperature at which each one started to melt. Our results showed that different solids melted at different temperatures, meaning that not all solids have the same melting point. This experiment helped us understand how materials have their own unique properties and how scientists use fair tests to investigate questions.

Year 5 has started with a Bang!

In Year 5, we have been busy exploring the theory of the Big Bang and discovering how scientists believe our universe began. To bring their learning to life, the children took part in a live-action recreation, which sparked some brilliant questions and helped to deepen their understanding. Of course, no recreation of the beginnings of the universe would be complete without a little chaos, so getting covered in glitter was an added bonus!

This morning, we also enjoyed our Macmillan Coffee Morning, raising money for Macmillan Cancer Support. It was lovely to welcome members of our community and serve them a delicious selection of cakes and treats. A huge thank you to everyone who supported such a worthwhile cause and well done to Year 5 children for making it possible.

The Lion King - Year 6

We are beyond thrilled that all of our Year 6 children have now enjoyed the unforgettable experience of watching The Lion King in London's West End. Whether they attended at the end of Year 5 or the beginning of Year 6, every child had the opportunity to be part of this fantastic trip and create memories that will last a lifetime.

The adventure began with an exciting train journey into London. The children loved travelling together, spotting famous landmarks and soaking up the atmosphere of the capital. They were a credit to the school throughout the day, demonstrating excellent manners, maturity and enthusiasm. The performance itself was simply incredible. From the breathtaking costumes and mesmerising puppetry to the unforgettable music and powerful performances, the show captivated the children from beginning to end. It was wonderful to hear them talking so enthusiastically about their favourite moments afterwards.

We were especially proud when members of the public took the time to comment on how polite, respectful and well-behaved our children were. They represented Knaphill School brilliantly and should be very proud of themselves.

It was a truly memorable experience for everyone involved and one that we are sure will stay with the children for many years to come!

Junior School

Our Amazing Christmas Card Designs!

The children have been busy creating some truly amazing Christmas card designs, and we are delighted to share a sample with you. Their creativity, effort and artistic talents have really shone through, resulting in some wonderful festive artwork.

Over the coming weeks, you will receive further information about how to order products featuring your child's design. Not only will these make lovely personalised Christmas cards and gifts for family and friends, but every purchase will also help support the school through our fundraising efforts.

We hope you enjoy this sneak peek of the children's fantastic work and look forward to sharing more details with you soon! 🌲 ✨

Looking for the perfect start to your child's learning journey?

At Knaphill Infant School Nursery, we provide a safe, caring & inspiring environment where children can learn, grow & thrive.

Attendance Policy

We are taking this further opportunity to share our Attendance Policy with you. As you will be aware, our Attendance Policy was amended to include the new procedures, as directed by the Department for Education (DfE) and can be found on our school website.

Please note that the main changes are listed below:

If you take your child/ren out of school without authority for 5 or more days (which do not have to be consecutive), then the following will apply:

1. If you have not incurred a penalty notice relating to this child/children in a rolling 3 year period since 19 August 2024, then the penalty notice will be charged at the rate of £160.00, per parent/carer per child, if paid within 28 days. This will be reduced to £80.00 if paid within 21 days of receipt of the notice. Failure to pay the Penalty Notice will result in Surrey County Council considering legal proceedings against you in the Magistrates Court.

2. If you have incurred a penalty notice relating to this child/children since 19 August 2024, the rolling 3 year period will be activated from the date of the first penalty notice and the second penalty notice will be charged at the flat rate of £160.00, per parent/carer per child, if paid within 28 days. There will be no reduction for payment within 21 days. Failure to pay the Penalty Notice will result in Surrey County Council considering legal proceedings against you in the Magistrates Court.

3. If you have incurred 2 penalty notices relating to this child/children in the rolling 3 year period since the first penalty notice was issued, then you will NOT receive a third penalty notice – Surrey County Council will have no option but to consider a prosecution, per parent/carer per child, in the Magistrates Court under s 444 Education Act 1996.

In line with the new DfE guidance, we are now obligated to request medical evidence and flight/ holiday confirmation when an illness occurs just prior or after a holiday request.

NHS

Should I keep my child off school?

Yes

Until...

Chickenpox	<i>at least 5 days from the onset of the rash and until all blisters have crusted over</i>
Diarrhoea and Vomiting	<i>48 hours after their last episode</i>
Cold and Flu-like illness (including COVID-19)	<i>they no longer have a high temperature and feel well enough to attend. Follow the national guidance if they've tested positive for COVID-19</i>
Impetigo	<i>their sores have crusted and healed, or 48 hours after they started antibiotics</i>
Measles	<i>4 days after the rash first appeared</i>
Mumps	<i>5 days after the swelling started</i>
Scabies	<i>they've had their first treatment</i>
Scarlet Fever	<i>24 hours after they started taking antibiotics</i>
Whooping Cough	<i>48 hours after they started taking antibiotics</i>

No

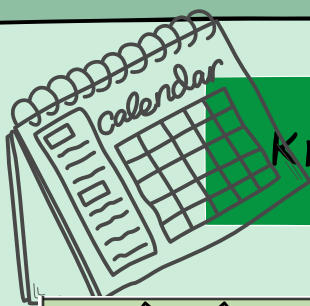

but make sure you let their school or nursery know about...

Hand, foot and mouth	Glandular fever
Head lice	Tonsillitis
Threadworms	Slapped cheek
